

My Love

jj

I know where people go
When they know how to breathe slow
They lay low
Dont want the world to know
Wake up, boy you better shake up
the things in your head
So you can be alone when youre alone
I am alone
All I ever want to know
Is why you never let it show
When youre around me
When youre in me
Why dont you tell me
You know Ill believe you
Take me for granted
Its all I ever wanted
Why dint you get it
Before we lost it? We lost it
Make up your mind
For the time that drove us to break up
Say it isnt so
Boy Ill let you go
Im not the one to tell you where to go
You should know by now
I always give my all to the one I love
I wont ever mind the things you said
But I remember every word I read
Go, let it out
If you scream I will shout
Tear open your mouth
What are you about?
Youre looking for divine
If you leave I will shine
Next time you see me
youd better stand in line
Hold the line
