Forgive and Forget

A Day to Remember

I feel like a runaway
Seeing the light of day
For the first time, I'm drawing the line
It's hard to care when you know it all
In slow motion I watch you fall
Like you're blind, thoughts poison the mind
I always bend when it comes to you
I think you'll change, but ya never do
You never do, I enable you

Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget
Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget

Wish that I could say this to your face
Something different, something brave
Wish I would, but I never could
I feel you slowly pulling me in
I try to help, but it's sink or swim
And you're a weight, there's comfort in pain

Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget
Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget

You've drained all the love I had
All I had for you
Yeah you've drained all the love I had
All I had for you
All I had for you

Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget

Let me down, let me down like only you know how
Shut me out, shut me out, forgive and forget
Forgive and forget
