

Sucker in a 3 Piece

Van Halen

She's so fine, how about a 9 on a 10 scale
With long legs straight on up to her lunch pail
Sweet little wishbone, oh yeah
Don't wanna break her in half
Lick up one side and down the other
Always makes her laugh She take me down, down, down to the bottom
I got everything you wanted
Give you everything you need
Still you want that sugar daddy over me She want a sucker, sucker in a 3 piece
A sucker all dressed up in a 3 piece suit I'm on fire with just one look
Got me a brand new number
In my little black book
But she don't like the way I dress
She don't like the way I wear my hair
But when I roll you over baby, you don't care Just take me down, down, down, down to the bottom
Give me everything I want
Give me everything I need
You don't want that sugar daddy, not over me She want a sucker, sucker in a 3 piece
A sucker all dressed up in a 3 piece suit Oh say it isn't so, baby
You wanna sucker
He's just a sucker
He's just a sucker
Look at all that money, baby
Ya know your sugar daddy
You're a sugar mama
You're both a bunch of suckers Oh how he got a big ole belly
A stone bald head
Now, listen here, honey
That ain't down your alley, no He's just a sucker in a 3 piece
Sucker in a 3 piece suit
Sucker
Stone cold, sugar daddy
Sucker, sucker all dressed up in a 3 piece suit I said, "Go ahead and suck it all up"
Right down to the last drop
