

Quite Like You

[Andy Shauf](#)

jeremy's so stoned
i'd be suprised
if he saw the tears in sherry's eyes
she's standing in the corner
staring at the floor
i wonder what the hell he did this timenormally i wouldn't dare to be so bold
tonight i think i'll ask her what is wrong
she seems a bit embarrassed and i understand
i say "i wish that you were having a good time"
she says "you know i've never really met someone like you"
you know i've never really met someone like youi'm not one to speak up but i've had a few
so i start cutting jeremy right in two
i say "i don't know what you see in him
it seems to me that all he ever does is bring you down"
i'm spilling my drink as i really start
tearing one of my best friends apart
she's getting uneasy and my drunken speech
ends as my hand finds its way to hers
i say "you know i've never really met someone like you"
you know i've never really met someone like youjeremy walks over and to my surprise
sherry puts her arm around his side
