

The Only Cloud

Frank Hamilton

When you fear upon on feeling down down down
Or when your world stop spinning round and round
When this is all you can think of
When this is all you've been thinking of You are not the only cloud floating in the sky
You are not the only bird that hasn't learned to fly yet
We're worry about the future, still living in the past
It comes so slow but it goes so fast
And I just want to feel, happy when it's real And when your best just don't seem good enough
And you are so tired but you can't switch off
When this is you can dream of
Oh this is all I've been dreaming of You are not the only cloud floating in the sky
You are not the only bird that hasn't learned to fly yet
Forget about the future, stop living in the past
It comes so slow but it goes so fast I just want to feel, happy when it's real (x2)
You are not the only cloud
I just want to feel, happy when it's real (x2)
You are not the only cloud
I just want to feel, happy when it's real (x2) You are not the only cloud I just want to feel, happy when it's
real(x2)
You are not the only cloud
I just want to feel happy when it's real And this is all I've been dreaming of.
