Demon Speed

White Zombie

Why don't you ask me what it feels like to be a freak?
Hey do ya love me, I'm untouchable darkness?
A dirty black river to get you through this
Hey do ya love me, I'm a devil machine?
Get into my world, all American dream
In the mouth of madness, down in the darkness
No more tomorrow, down in the hollow
Hey do ya love it when the kids are screaming?
Working on the road, violate their dreaming
Hey do ya love to see the filth in the clean, yeah?
Get into the gone all American dream
In the mouth of madness, down in the darkness
No more tomorrow, down in the hollow
I'm demon speeding, I'm demon speeding
I'm demon speeding, I'm demon speeding
Get it on, get it on
Get it on, get it on, come alive
Hey do ya love me elevating the madness?
A super death rising to get you through this
Hey do ya love me like a beautiful fiend, yeah?
Get into my world all American dream
In the mouth of madness, down in the darkness
No more tomorrow, down in the hollow
I'm demon speeding, I'm demon speeding
I'm demon speeding, I'm demon speeding
