

Love Sweet Love

[Johnny Reid](#)

You let the sun, light up my life
Lay a blanket on the ground
Down by the riverside
Well smell the flowers, savor the wine
Get lost in each others arms
One kiss at a time
Theres no telling what were gonna do
When the only thing between me and you is
Love sweet love, intoxicating
Honey to a bee, sugar for you, baby
Can never get enough to satisfy the craving
For love, love, love, love sweet love
Theres a sound of you and me
Getting carried away together
On a summer breeze
Its the touch of you on my skin
That leaves me wanting more and more
Again and again
Its a feelin so amazing
When you feel it theres no mistakin
Love sweet love, intoxicating
Honey to a bee, sugar for you, baby
Can never get enough to satisfy the craving
For love, love, love, love sweet love
Bursting with emotion
Alive and over flowin
I found peace in knowin
That its all well ever need, yeah
Love sweet love, intoxicating
Honey to a bee, sugar for you, baby
Can never get enough to satisfy the craving
For love, love, love, love sweet love
Love, love, love sweet love
Love sweet love
Ohh, love sweet love
Ohh, love sweet love
Mmh, hmm, yeah, uh huh
Love sweet love
Love sweet love
Love sweet love
Yeah, love sweet love
