

Stand By Me Father

The Soul Stirrers

Oh, Father You've been my friend
Now that I'm in trouble
Stand by me to the end, oh, oh
I want You to stand by, stand by Well, all of my money and my friends are gone
God, I'm in a mean world
And I'm so all alone, oh, oh
I need You Jesus, stand by, stand by Well, they tell me that
Samson killed in ancient times
I know that You helped
Him kill 10,000 Philistines, oh
Whoa I need You, stand by, stand by Here's another thing
They tell me that they put Daniel
Down in the lion's den
I know You went down there, Father You feed Daniel once again
That's why I said
Do me like You did Daniel
And stand by, stand by Well, sometimes I feel like
The weight of the world is on my shoulders
And it's all in vain
When I begin to feel weak along the way
You come and You give me strength again The Hebrew children have been in fire
Ten times hotter that it ought to be
Just like You delivered them, Father
I know You can deliver me, oh Lord
I'm calling You Jesus, stand by, stand by When I'm sick, Father, stand by
When they doctor walk away from my bedside
Stand by me father
When it seem like I don't have a friend
I wonder would You be my friend
Stand closer, stand by
