

Beautiful Lie

Decyfer Down

Waking up with this regret
The movies playing in my head
Last nights fuel the burns the truth
The proof is lying in this bed I know you will breaking my will
Pulling me down to the other side
I walk away with my mistakes Such a bitter taste of pleasure with the pain, oh the pain
Such a pretty waste I'm drowning in the shame, oh the shame
Burning up inside it's such a
(oh, can you feel it)
(oh, can you see it)
Oh, it's such a beautiful lie
Familiar voice of all that's wrong
Leaves me where I don't belong
Another scar could change my life and write the page I wish was gone I know you will breaking my will
Pulling me down to the other side
I walk away with my mistakes Such a bitter taste of pleasure with the pain, oh the pain
Such a pretty waste I'm drowning in the shame, oh the shame
Burning up inside it's such a
(oh, can you feel it)
(oh) It's such an ugly picture that I've painted
I'm not who I thought I would be
These footsteps that I follow
That's not me
Such a pretty waste I'm drowning in the pain, oh the pain
Such a pretty waste I'm drowning in the shame, oh the shame
Burning up inside it's such a
(oh, can you feel it)
(oh, can you see it)
Oh, it's such a beautiful lie
A beautiful lie
It's such a beautiful lie
A beautiful lie
