

More Than

[**Andrea Hamilton**](#)

Verse 1:

More than a knee that bends or a head that bows down low

More than a once-a-week routine

More than a mouth reciting a promise or a pledge

More than the words up on a screen

May it be genuine when I lift my voice and sing Chorus:

Hallelujah to Jesus the King

Our Creator, wonderful Savior, You reign

Holy God, may my whole life sing Your praise Verse 2:

More than a momentary emotions that I bring

You want a heart of humility

That says if you ask me to, I will give up everything Chorus Bridge:

Worship You

Every moment, every moment

Worship You

Every word I say, every choice I make

Worship You

My Beloved, You deserve it

Worship You

My life on an altar Chorus 2x
