

Born On Seaweed

Guided By Voices

Wait patiently and suddenly see
Motivation that cries out
Mutilation of the senses
Finish your sentence
Taste the bones before chewing
Shout out a point
And then step back
And look out
It's not exciting is it?
He's a prick
And owns a fortress
Born on horniness
Born at time change
Born on seaweed
Forgot his origins
So wait patiently and see
Motivation that cries out
