

Come Alive (acoustic)

Leona Lewis

I don't mind if it rains for a century
I don't mind the rain
I don't mind if you're here lying next to me
I don't mind the pain So put it on me, put it on me, ah
Put it on me, I want your love
Put it on me You're my light, I see when I come alive
See when I come alive, live, live...
I revive, see when I come alive
See when I come alive Fire runs through my veins at the speed of light
Fire through my veins
(I want your love, I want your love)
A thousand suns lead the way to an endless night
I embrace the pain
(I want your love, I want your love) You're my light, I see when I come alive
See when I come alive, live, live...
I revive, see when I come alive
See when I come alive See you when I come alive
See you when I come alive
See you when I come alive I don't mind if it rains for a century
I don't mind the rain So put it on me, put it on me, ah
Put it on me, I want your love
Put it on me You're my light, I see when I come alive
See when I come alive, live, live...
I revive, see when I come alive
See when I come alive See you when I come alive
See you when I come alive
See you when I come alive
