

# Teenage Angst (Live at Angkor Wat)

## Placebo

Shine the headlight  
Straight into my eyes  
Like the roadkill  
I'm paralyzed  
You see through my disguise At the drive in  
Double feature  
Pull the lever  
Break the fever  
And say your last goodbyes Since I was born I started to decay  
Now nothing ever ever goes my way One fluid gesture  
Like stepping back in time  
Trapped in amber  
Petrified  
And still not satisfied Airs and social graces  
Elocution so divine  
I'll stick to my needle  
And my favorite waste of time  
Both spineless and sublime Since I was born I started to decay  
Now nothing ever ever goes my way
