# Angels with Dirty Faces

## Sham 69

Who's got a dirty face thenAngels with dirty faces
Angels from nowhere places
Kids like me and youRunning fighting down the street
Ain't got no money but I don't cry
We're the people you don't wanna know
We come from places you don't wanna goAngels with dirty faces
Angels from nowhere places
Kids like me and youI'm never sad but sometimes lonely
Doing things someones told me
We're the people you don't wanna know
We come from places you don't wanna goAngels with dirty faces
Angels from nowhere places
Kids like me and youAngels with dirty faces
Angels from nowhere places
Kids like me and youI'm a rebel stuck with a label
Trying to be someone in life
We're the people you don't wanna know
We come from places you don't wanna goAngels with dirty faces
Angels from nowhere places
Kid's like me and you
