

# Forever Dead

## Sevendust

I feel my life has been forsaken  
And I've been taken by the storm for way too long  
I sit here locked inside a hell that only you and I can live  
Another war so far from grace  
So wipe that smile off your face  
(Stop, Coming at me, Coming at me)[CHORUS:]  
So go, now find yourself  
You're selfish, condescending  
You and me are now forever... (forever)  
So go play God in someone else's life  
'Cause you and me are now forever (forever dead)I wear your burden like a stone  
It drags me down, I'm sinking  
I pray they're wrong, but lie there alone (So broken)  
Stop, comin' at me, comin' at me, comin' at me[CHORUS:]  
So go, now find yourself  
You're selfish, condescending  
You and me are now forever... (forever)  
So go play God in someone else's life  
'Cause you and me are now forever (forever dead)So go, now find yourself  
You're selfish, condescending  
You and me are now forever...So go, now find yourself  
You're selfish, condescending  
You and me are now forever  
(Forever)  
So go play God in someone else's life  
You and me are now forever  
(Forever)Forever dead, forever dead  
(Forever)  
Forever dead, forever dead  
(Forever)  
Forever  
(Forever dead)  
Forever
