

Walk With You

Chris Delvan Gwamna

Walk With You

Verse 1

When you called on me,

With the vision to follow you,

I wasn't sure of exactly what lay ahead for me,

But I heard you say come and walk with me

Although I've heard of your fame before,

From the mouth of your very friends

What I've seen and heard surpasses all they said of you,

Why I walk with you

Chorus 1

I have been upon the mountain tops,

I have walked where the eagles nest

Amidst the thunder and the lightning of the words you speak to me,

It's why I walk with you

Take me deeper into the heights of glory,

Where the eye of the eagles' never seen

Amidst the thunder and the lightning of the words you speak to me,

I love to walk you

Verse 2

I was afraid I must confess,

That if I told you all the best Of my heart

Would you laugh at me and walk away,

Or would you still walk with me

Can't explain why I waited so long,

Just to tell you from the depths of my heart

What the joy of walking with you has meant to me

I love to walk with you.

Chorus 2

I have been upon the mountain tops,

I have walked where the eagles nest,

Amidst the thunder and the lightning of your word you speak to me,

I love to walk with you

Oh Take me deeper into the heights of glory,

Where the eye of the eagles never seen

Iâ€™m captivated by the thunder and the lightning of Your words,

Why I walk with you

All creation declares Your praise,

And all the angels of glory agree

From the crown of my head to the soles of my feet,

I love to walk with You

Ooh take me deeper into the heights of glory

Where the eye of the eagles' never seen

Am captivated by the thunder and the lightning of your word

Why I walk with You.

Ooh take me deeper into the heights of glory,

Where the eye of the eagles never seen

Am captivated by the thunder and the lightning of your word,

Why I walk with you

Verse 4

Every word You speak is life,

And every breath just revives my soul

They're all preparing me to face the battles up ahead

I love to walk with You
