Fitness

Gedz

I bet she be in the gym, working on her fitness
Her body is a crime, I'm a witness
You look like love when she get it
She got us so tight, yeah she could get the business
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat
Go skinny girl, go skinny girl, go!
I bet she be in the gym, working on her body
Doing pole dances, knocking on Pilates
Working all day, but when she go home
Go so hard she could fit her old dress on!
Stupid high heels with a little dress on
Ab so right, but that ass dead wrong
Shawty Listerin momma love to feel the burn
Tearin' up the treadmill, sweatin' out her perm
I bet she be in the gym, working on her fitness
Her body is a crime, I'm a witness
You look like love when she get it
She got us so tight, yeah she could get the da busisness
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat
Go skinny girl, go skinny girl, go!
Now she be in the club, but I ain't talking dance

Lifetime chance of a lifetime, damn
Every man in his right, probably take a glance
Had to do squats just to get up in her pants
All yeah, all man, she got me in a trance
Had a kid and her body snapback, ruberband
She always on the diet, homie, she don't really need it
Them other girl's jealous of it, she don't even see it!
I'm a say how I see it don't make you conceded
But girl, you're a star, are you related to Venus
Baby girl you're princess, you're related to Zena
Trying to lock your ass down, do I need subpoena
I bet she be in the gym, working on her fitness
Her body is a crime, I'm a witness
You look like love when she get it
She got us so tight, yeah she could get the business
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat,
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Go skinny girl, go skinny girl, go!
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat
Go skinny girl, go skinny girl, go!
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat,
Go skinny girl, go skinny girl, go skinny girl, go skinny girl
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat
Gone head, gone head, go hard, go hard
Gone head, gone head, go hard, go hard
Now work, and sweat, and work, and sweat, and work, and sweat
