Copped da clean white tee with dem fresh Air J's

Been through hell and back and I ain't frontin

[Verse 2: Ludacris]

I'm addicted to money, I'm addicted to clothes  
I been a pimp my whole life, so I'm addicted to hoes  
Dey feelin on the big dipper, let em play with it stop  
But they don't wanna fuck me, they wanna FUCK MY COCK  
I'm the bearskin rug, no shoes or socks  
So on 3, you and the coop gotta lose your tops  
See I'm addicted to the paper I been gettin for years  
And my whip is all white, I call it Britney Spears  
They say life is like a circus when you stuck on the block  
So we don't snitch and eat pork, we don't fuck with the cops

And that's why I'll be gettin paper til the day that I die  
So like Monica Lewinsky, keep your head up high... cause

[Chorus:]

Ohh I gotta have it  
Oooo I gotta grab it  
Hustle real hard, gotta stack that cabbage

I'm Addicted to money (aye)

[Verse 3: Lil Scrappy]

It's the son of the preacher, but raised by the dope lady  
Talkin get money, pimp hard so niggas gon hate me  
I got a good heart, and a good brain  
You heard my gangsta story, my life was off the chain  
My momma flipped the cane, and pop was up at church  
The Joe had me in the hallway with the purp  
Prayin that I stay safe and I don't get murked  
But I bet I get paid, make that money work  
Hittin garages, I bet I got a nigga vert  
Let me holla at ya bitch, I'll make dat pussy hurt (yea)  
For real though, you know that I get dough  
Finna rape the game, and my mission is to get mo'
