See Fernando

Jenny Lewis

I wear a pony tail like a waterfall
loud speakers cause a land slide
I have a room key and a Jhonny
a good buzz feeling alright
pitch a tent, pop a top
forget about what you aint got
see the sites, sleep till night
stamp your feet, turn out the lightsif you wanna go where they chain up the sun
see fernando, see fernando
he'll buy, a bottle of suds for you and everyone
see fernando, see fernandoIf you're high strung or stressed out
Down in the dumps, been turned out
Stabilized, motorized, insecure or fableized
Curious or furious, picked apart like Prometheus
Legalized, penalized, simplify, dry out your eyesIf you want to go where they chain up the sun
See Fernando, see Fernando
He'll buy a bottle of suds for you and everyone
See Fernando, see FernandoYou've been Jezebeled, back from hell
Cooling off, feeling well
Tired of talking, talked out
Ticked off or toughed up
Too talled or backed up
Haven't made your mind up
tbd'd or tb'd
Tired of falling to your kneesIf you want to go where they chain up the sun
See Fernando, see Fernando
He'll buy a bottle of suds for you and everyone
See Fernando, see Fernando
