

Swing It Bob

Hello dear what can i do for you?
will you go and swing along tonight?
just take a step and theyll do the rest
just let it flow..and you will glow
just like a moonbeam up in the sky tonightnver mind, troubles that may have come
just go along with the tunes the bad are playing
but lets go and dance
do the tango or a mambo jumbo i dont caredo the cha cha cha
do the tango
do the samba
or perhaps play something sweet slow and nice like a waltz?naa i prefer to go swinging
