

# Alone

## The Romantic Era

boi we doin that...get it[Verse 1:]  
Ooh oh eeh eeeh ah  
Started with a picture  
Then I kept on clicking,  
I think I'm falling for you  
(I think I'm falling for you girl)  
Is that subtle thing about  
Your every word, every smile (ha),  
Every post, (every picture)  
I'm losing my head for you[Pre-chorus:]  
Is it crazy if I fall  
Is it weird that I want you to message me  
Or Maybe I should message you  
Is the way that you pop-up, when I feel Alone  
Maybe you feel it too[Chorus:]  
Do you feel alone  
Cause I don't wanna be lonely anymore  
Without you I'm lost  
Cause you got everything these other girls don't  
I don't, I don't, I don't, I don't know you  
But I, but I, but I, but I want to  
To be on your mind  
To be on your mind[Verse 2:]  
I believe a little faith  
A little luck, the perfect date (sunshine)  
God let her feel it too (can you feel it, can  
you feel it?)  
This one I gotta tell her  
You wanna get some dinner? (with me)  
Maybe we could chill  
You can tell me what you are in to[Pre-chorus:]  
Is it crazy if I fall  
Is it weird that I want you to message me  
Or Maybe I should message you  
Is the way that you pop-up, when I feel Alone  
Maybe you feel it too[Chorus:]  
Do you feel alone  
Cause I don't wanna be lonely anymore  
Without you I'm lost

Cause you got everything these other girls don't  
I don't, I don't, I don't, I don't know you  
But I, but I, but I, but I want to  
To be on your mind  
To be on your mind[Verse 3:]  
Hey new friend (hey!)  
Been searching  
For someone,  
I can poke like...(eeh eeh eeey)  
But really tho,  
Just hit me back cause  
I've been typing trying to find the words (words)  
To separate you from the other girls (girls)  
I've never been so into  
I love that first picture[Bridge:]  
Do you feel alone? (Really brings your eyes out)  
Cause I don't wanna be lonely anymore  
Without you I'm lost  
Cause you got everything these other girls don't[Outro:]  
I don't, I don't, I don't, I don't know you  
But I, but I, but I, But I want to,  
To be on your mind  
To be on your mind (x2)I don't, I don't, I don't, I don't know you  
But I, but I, but I, But I want to,  
To be on your mind  
To be on your mind
