

Someone That I Used to Love (Remastered 02)

[Natalie Cole](#)

When I wake up each morning trying to find myself
And if I'm ever the least unsure, I always remind myself
Though you're someone in this world that I'll always choose to love
From now on you're only someone that I used to love As for me it's getting down to the last unspoken part
When you must begin to ease the pain of a broken heart
Tell me why should I even care if I have to lose your love
From now on you're only someone that I used to love Yet it wasn't enough for you
All the love I had to give
I did my best to keep you satisfied
I guess you'll never know how much I tried, I really tried And if ever our paths should cross again
Well, you won't find me being the one to get lost again
Once I had so much to give but you just refused my love
From now on you're only someone that I used to love I did my best to keep you satisfied
I guess you'll never know how much I tried, I really tried When I wake up each morning trying to find myself
And if I'm ever the least unsure, I always remind myself
Though you're someone in this world that I'll always choose to love
From now on you're only someone that I used to love
From now on you're only someone that I used to love Though you're someone in this world that I'll always
choose to love
From now on you're only someone that I used to love
From now on you're only someone that I used to love
