Skin Tight

Niykee Heaton

I don't make promises no I never stay forever
Never in a million did I think we'd be together
Really knocked me off my game
Now I guess my mind's been changedI don't even recognize the person in the mirror
Then you come around and make the whole thing clearer
Damn you make me act so bad
I know you can feel me on thatWhen it comes to you
I break all the rulesAin't nobody love me like you do
Boy you got me trippin'
Actin' a fool
We could do this all night
Where your body fits right
Boy your love is skintight
AlrightEverybody's watching
Let them stare
People gonna talk but I don't care
We could do this all night
Where your body fits right
Boy your love is skintight
AlrightNever have I ever believed in a happy ending
All in fairy tales always knew they were just pretending
Never gonna be like that
Oops I better take that backWhen it comes to you
I break all the rulesAin't nobody love me like you do
Boy you got me trippin'
Actin' a fool
We could do this all night
Where your body fits right
Boy your love is skintight
AlrightYou love me like skintight
You love me like skintight
You love me like skintight
You love me like skintight
OhhhNever thought I'd be that girl
Then you came and rocked my world
Never thought I'd be that girl
Then you fucked up my worldAin't nobody love me like you do
Boy you got me trippin'
Actin' a fool

We could do this all night
Where your body fits right
Boy your love is skintight
AlrightYou love me like skintight
You love me like skintight
You love me like skintight
You love me like skintight
