Until The End

Entwine

I'll lead you down to the ocean
I'll show you all my darkest deedsI feel like losing my emotions
When we fall into the streamWe will drown, we will drown
Into this love
You may decideI'm hanging on to these emotionsThere ain't no cure for loveI think I'm losing my devotionsSo
I pour my tears into your heartWe will drown, we will drown
Into this love
We may decideWe will drown in this love
Eternally...
