

The Reason Why

Little Big Town

I could love you
Baby, if you want me to
I could go and fall for you
And never even try, hey, hey I could let you in
Baby, where nobody's been
Yeah, I'm ready and willing
To give this love a try, hey, hey [Chorus:]
You're the reason why
(Baby you're the only reason why)
Don't wanna say goodnight
(Keep kissing me don't wanna say goodnight)
Yeah it feels so right
(Everything is gonna be alright)
You're the reason why, hey, hey
You're the reason why, hey, hey You're in my head
Like a song I can't forget
Wanna hear it over again
And again hey, hey Come on and take my hand
I'm ready and willing
Over and over again
