Carry Me Home

Primal Scream

(dennis wilson & gregg jakobson)Carry me home to my mama
Carry me home to my daddy
Rain falling down on me
Wind is blowing cold
I'm getting tired, I guess I'll never grow oldCarry me home to my mama
Carry me home to my daddy
Don't wanna die, can't let this feeling go
I wanna liveLife is meant to live, I'm afraid to die
I wanna live, I'm scared to die
