Ooo

Gregor Samsa

Yeah, they call me Trey Songz
Let's go, let's go, let's go, let's go, let's go
('Cause when they hit you like ooo)
VA's in the building cat, that's right, he in the buildingOoo, I got a one, didn't take long to spot 'em in the clubs
Showing love in them, candy apple bottoms like, "Ooo what flavor
You tryna pick", it don't matter if you slim, shawty thick in the hips
I like 'em ooo and you can tell when she walks, she got the good ooo
Girl, let me break you off, I got that ooo baby, you can tell by the wrist
You ain't never gonna ooo like thisYou gonna be mine tonight, I got that ooo and it's parked outside
Pourin' some ooo in your cup, blowin' that ooo in the air
Ooo let me take you there'Cause I'ma hit you like ooo, like you got your first freak
Backseat of the jeep on a late night creep like ooo
First time in the club when you getting some love
Shawty backing it up like ooo, it's like rolling one up
Real girls getting down and you throwing it up
It's like getting your girl in the V.I.P.
First time with a fake I.D., let me hit you like oooOoo I gotta sexy wanna holla on the flo' gettin' closer
Like we supposed to ooo, shawty by the end of the night
See if we ooo like we came to, it's gone be tight
She bout to ooo all over herself
I had to say, "Ooo girl, get control of yourself"
She felt that ooo when we bump and grind
See everything 'bout ooo is so fineShe gonna be mine tonight, I got that ooo and it's parked outside
Pourin' some ooo in your cup, blowin' that ooo in the air
Come on let me take you there'Cause I'ma hit you like ooo, like you got your first freak
Backseat of the jeep on a late night creep like ooo
First time in the club when you getting some love
Shawty backing it up like ooo, it's like rolling one up
Real girls getting down and you throwing it up
It's like getting your girl in the V.I.P.
First time with a fake I.D., let me hit you like oooNo, tell me how many thugs in the club got that ooo right there
'Cause I'm looking at a ooo with a ooo and she right here
You gonna be mine tonight, I got that ooo and it's parked outside
Pourin' some ooo in your cup, blowin' that ooo in the air
Come on let me take you there'Cause I'ma hit you like ooo, like you got your first freak
Backseat of the jeep on a late night creep like ooo
First time in the club when you getting some love
Shawty backing it up like ooo, it's like rolling one up
Real girls getting down and you throwing it up

It's like getting your girl in the V.I.P.
First time with a fake I.D., let me hit you like ooo'Cause I'ma hit you like ooo, like you got your first freak
Backseat of the jeep on a late night creep like ooo
First time in the club when you getting some love
Shawty backing it up like ooo, it's like rolling one up
Real girls getting down and you throwing it up
It's like getting your girl in the V.I.P.
First time with a fake I.D., let me hit you like ooo'Cause I'ma hit you like ooo, like you got your first freak
Backseat of the jeep on a late night creep like ooo
First time in the club when you getting some love
Shawty backing it up like ooo, it's like rolling one up
Real girls getting down and you throwing it up
It's like getting your girl in the V.I.P.
First time with a fake I.D., let me hit you like ooo
