## Dino Merlin

Bosnian

Nedostajes

Tuzno sam ptice sto mehkim kljunom  
kljuca o kamen trazeci vodu  
bas ko i ljudi tako i ptice  
najdraze traze onda kad odu

Slika ritam osjecaj i rijec  
zar je tako brzo proslo vec  
znam ja dobro gdje si kad i s kim  
znam da dusa sama bira ti  
al ne mogu

Nedostajes tako mi nedostajes  
za sve sto proslo je nedostajes  
nedostajes tako,tako mi nedostajes  
za sve sto dolazi nedostajes

Tuzno sam ptice slomljenih krila  
za posmatrace tako sam cudan  
u snu se moze svemoguci Boze  
sve osim jedno, ostati budan

Slika, ritam, osjecaj i rijec  
zar je tako brzo proslo vec  
znam ja dobro gdje si kad i s kim  
znam da dusa sama bira ti  
al' ne mogu

English

I Miss You

I'm a sad poult that with its soft beak  
pecks a stone looking for water  
just like birds, people also  
look for those they love the most, after they're gone

Picture rhythm feeling and word

has it passed so fast already  
I know very well where you are, when and with whom  
I know that your soul chooses by itself  
but I can't

I miss you so I miss you  
for everything that has passed, you're missing  
I miss you so, I miss you so much  
for everything that is coming, you're missing

I'm a sad poult (little bird) with broken wings  
Observers find me very weird  
Everything is possible in a dream, all mighty God,  
but one thing - to stay awake

Picture rhythm feeling and word  
has it passed so fast already  
I know very well where you are, when and with whom  
I know that a soul chooses its own team  
but I can't
