

# Give It Up To Guru

## Miniature Tigers

Got it give it up to you  
After all I put you through you're here  
I never make it easy on you  
But I cling to your side I'm stuck to your side  
Ooh my love I'm not no magic tricker  
When I'm with you I'm with you I try to burn it down and run  
I want to abandon before I'm abandoned  
I know there's nowhere to run  
So I cling to your side I'm stuck to your side  
Ooh my love I'm not no peaceful river  
when I'm with you I'm with you Ooo give it up to you (give it up for you)  
Ooo give it up to you ooo ooo Ooh my love I'm not no magic tricker when I'm with you I'm with you Ooo give  
it up to you (give it up for you)  
Oooo give it up to you ooo ooo
