

# Hello

Allie X

I'd heard goodbye, goodbye  
over and over, I went hollow  
I lost my mind, my mind  
life was a bitter pill to swallow and though I wanted affection, I was tired  
of rejection, I kicked the habit  
yes, I put love on the shelf, and agreed  
with myself I'd never have it it's like you knew, and you came out  
out of nowhere and into my life  
it took you a while but you found me  
now I'm sure that I'm gonna survive  
and it started with a HELLO  
take the lead and I will follow  
I could love you for the rest of my life  
don't you ever let me go-o-o  
and it started with a HELLO  
I could be your superhero  
I could love you for the rest of my life  
don't you ever let me go-o-o I was behind, behind  
now I was shy and fasted forwards  
all of this time, this time  
you have been right around the corner next time the doctor tells me I have to  
swallow a pill to put it in perspective  
I'll tell her everything's coming up roses  
shockingly better than I expected  
'cause I was a fool for believing  
there was no one who could change my life  
'cause now you've arrived you revived me  
now I'm sure that I'm gonna be fine and it started with a HELLO  
take the lead and I will follow  
I could love you for the rest of my life  
don't you ever let me go-o-o  
and it started with a HELLO  
I could be your superhero  
I could love you for the rest of my life  
don't you ever let me go-o-o, go-o-o  
don't you ever let me goo it's finally real  
I found the fantasy  
remember the day  
when I heard you saaa-aay HELLO

take the lead and I will follow  
I could love you for the rest of my life  
don't you ever let me go-o-o  
and it started with a HELLO (and it started with a HELLO)  
I could be your superhero (I could be your superhero)  
I could love you for the rest of my life  
don't you ever let me go-o-o, go-o-o  
don't you ever let me gooo
