

The Beat of My Heart

Foreigner

Always here, I'll be close to you
But you won't see me
On the street or underground
I'll be there somewhere You can look around, you can listen out
But you won't find me
Beyond the shadow of a doubt
Oh, I'll be there for you You've been living in another world
Ever since I met you
Don't wanna treat you like a little girl
I know you better To the beat of my heart
If you listen closely now
To the beat of my heart
You'll find your way home The beat of my heart
You won't be lonely Girl I'm here
And I'll always be there when you need me
Close at hand, never far away
I'll be there for you You're such a crazy little pretty girl
How could I forget you
You tried to take me to another world
But I wouldn't let you And the beat of my heart
If you listen closely now
The beat of my heart
You won't be lonely The beat of my heart
Better listen to me now
The beat of my heart
Calling you home Ooh, the beat of my heart
You won't be lonely You've been living in another world
Ever since I met you
Don't wanna treat you like a little girl
I know you better And the beat of my heart
If you listen closely now
The beat of my heart
You won't be lonely The beat of my heart
Better listen closely now
The beat of my heart
And it's calling you home Ooh, the beat of my heart
If you listen closely now
To the beat of my heart
You'll find your way home Ooh, the beat of my heart

Ooh, the beat of my heart
It's calling you home
