Always Forever

Cults

You and me always forever
We could stay alone together
You and me always forever
Say you'll stay never be severedYou know you've got me in your pocket
You don't just have to be alone
You know I keep you in my locket
Just come here and we can settle downYou and me always forever
We could stay alone together
Hard to say things could be better
Darling don't get over the nowYou know you've got me in your pocket
You don't just have to be alone
You know I'll keep you in my locket
Just come here and we can settle downOh darling it's alarming thing to think of us apartYou know you've got me in your pocket
You don't just have to be alone
You know I'll keep you in my locket
Just come here and we could settle down.You and me always forever
We could stay alone togetherYou and me always forever
We could stay alone togetherYou and me always forever
We could stay alone togetherYou and me always forever
We could stay alone together
