

# Said and Done

[Meiko](#)

This song's going to you  
The one who's so confused  
The one who feels so used  
You don't have to wait  
for all this silly fate  
For things you can not makeHey what are you going to say?  
What are you going to do?  
When its all said and doneI watched you from afar  
Wishing on every star  
Saving every penny  
And I used to feel the same  
Like every things a game  
But all I kept doing was losingHey, what are you going to say?  
What are you going to do?  
When its all said and done
