Vision

Mo'kalamity

People free
The glances of the others
Each one is in his own stress
Everyone trace his own path
Without raising the eyes towards peopleVision of ordinary thing that are unusual
We remain alone in the city
We all need human heat
We all need human heat
This world is acting as blind
We are seeing the truth
Everyone traces is own path
Without raising the eyes towards people (bis)Vision of ordinary thing that are unusual
We remain alone in the city
We all need human heat
We all need human heatWe only need a little something
To fix our human relations
We only need a little something
To clear the atmosphere
Because indifference will reign (bis)
Vision of ordinary thing that are unusual
We remain alone in the city
We all need human heat
We all need human heat
