

Back Together

Annie

Dont give up when you feel you are far away
you can lose yorself in the sound like its yesterday
when the world wont stop and it gets to loud
we can drown it on,we can turn it round
when the music high,we can sing lowBring us back in time,to what we love.

Chours:

Uh uh uh uh uh uh
bring us back together,together
Uh uh uh uh uh uh
when we need it most, it will bring us closehe's what we all belong
when we need him most
