## Buchi

Go out and Preach the Gospel by BUCHI

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

Thereâ€™s a bell that is ringing right inside me  
Announcing that the time has come for me  
To proclaim to the world  
The gospel of the Lord in a different way  
Till the people in the Far East accept it  
The United Nations respect it  
Iâ€™ll preach it to the poor  
And unto the rich  
Everyday

Tubiduptu  
Tubiduba  
Tubiduptu  
Tubiduba

You remember that He told His disciples  
To go out and preach this ya gospel  
Let the people know  
That Jesus is Lord  
And that Heâ€™s alive  
So come on everybody let us join this chariot  
And take the gospel to every nation  
Itâ€™s wealth to the poor  
And comfort to all, everyday

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me

Youâ€™d know you are a fisher of men

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

Brother man are you facing tribulation?  
Now is the time for jubilation  
Rejoice and be glad  
They did it to Jesus,  
Steven and Paul  
So when you walk through the dark streets of danger  
The Holy Spirit is your Comforter  
His rod and His staff  
Theyâ€™ll comfort you everyday

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

He said call upon Me, I will answer  
But how can they call if they donâ€™t believe  
How can they believe what they donâ€™t know?  
How can they know it without hearing?  
How can they hear without a preacher?  
So, come on everybody make we preach about this Jesus love

Do you hear what I say  
Call upon Me, I will answer  
But how can they call if they donâ€™t believe  
How can they believe what they donâ€™t know?  
How can they know it without hearing?  
How can they hear without a preacher?  
So, come on everybody make we preach about this Jesus love

Noise it abroad

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men

If you really, really love me my son  
Go out and preach the gospel  
If you really, really love me  
Youâ€™d know you are a fisher of men
