## **Almost Love**

## **Billy Gilman**

What am I gonna get you girl
I wanna buy you the whole wide world

All I got is a letter jacket and a mood ringSometimes I see you standing in the hall

And I can't say a thing at all

Deep inside, I'm writing you poetry

Yes, I amI almost love you, I can almost feel your kiss

Almost promise my heart

But my promise is more like a wish

Oh, I don't know what all this meansBut girl I can't get you out of my dreams

Every time that we get close

It's almostYesterday, I saw you on the hood of a car

With an older guy, he was playing his guitar

You gave him your smile

I could have cried but I just frozeShould I stand up to him, should I pick a fight

Should I get you to run away with me tonight

I don't know how to get there or where we'd go

Don't you know I almost love you, I can almost feel your kiss

Almost promise my heart

But my promise is more like a wish

Oh, I don't know what all this meansBut girl I can't get you out of my dreams

Every time that we get close

It's almostLove, it's almost the right stuff

It's almost the flight of a pure white dove

It's almost true loveI almost love you, I can almost feel your kiss

Almost promise my heart

But my promise is more like a wish

Oh, I don't know what all this meansBut girl I can't get you out of my dreams

Every time that we get close

It's almostLove, it's almost the right stuff

It's almost the flight of a pure white dove

It's almost true loveIt's almost true love

It's almost the right stuff

It's almost the flight of a pure white dove

It's almost true love, yeah
