

# Castaway

AYER

Baby, hold me  
I'll sit with you on the ledge  
Singing midnight hallelujah  
For things we cannot fixThe old me  
Would hideaway off the grid  
Singing midnight hallelujah  
But fate cannot be trickedWe were out of our heads,  
We would scream out loud  
For a miracle  
Cus we had broke downI'm your castaway now
