

Turn Up the Radio (Demo Version)

Autograph

Ooh yeah
Turn it up
Come on I'm working hard, you're working too
We do it every day
For every minute I have to work
I need a minute of play Day in, day out, all week long
Things go better with rock
The only time I turn it down
Is when I'm sleepin' it off Turn up the radio
I need the music, gimme some more
Turn up the radio
I wanna feel it, got to gimme some more Now listen
I wanna shake, I wanna dance
So count it of one, two, three
I hear the beat, I'm in a trance
No better place to be Daytime, nighttime, anytime
Things go better with rock
I'm goin' twenty four hours a day
I can't seem to stop Turn up the radio
I need the music, gimme some more
Turn up the radio
I wanna feel it, got to gimme some more Turn up the radio
I need the music, gimme some more
Turn up the radio
I wanna feel it, got to gimme some more Turn up the radio
I need the music, gimme some more
Turn up the radio
I wanna feel it, got to gimme some more Turn up the radio
I need the music, gimme some more
Turn up the radio
I wanna feel it, got to gimme some more Turn up the radio
Turn up the radio Turn that thing on
