Insidiously

Sia

Mind you mind me
You thought you could climb me
I'm sorry to cut your rope
Bu in you I've lost all hope
Mind you mind me
I haven't seen you lately
Oh how many times you liked to phone
To see if your seed I could sowI tell you if that's what you're about
Friends like you I can do withoutMind you mind me
I laught at your transparency
You're my new best friend
Your fucked up life can I mend
Mind you mind me
I find it interesting to see
When I only offer you a smile, oh how
You forget to dialBelieve me, I know you work
Insidiously [repeat]Mind you mind me, you smile so sweetly
I'd call you an acquaintance stop with
Your exaggeration
Mind you mind me
How things can change is a good week
Call me ruthless
But you stretch the truth oh yesI tell you if that's what you're about...Friends like you I can do without.
