

WonderLove

Kris Bowers

I believed that one day love would cast a line
I believed there was something more for me to find
Hoping today, hoping tomorrow
Taking it all in stride
I believed, I could be chasing my mind
There you were, like a dream to me
Wonderlove, could this really be?
Wonderlove, can I make you see?
You're the world to me I believe if only we could take the time
Eventually we would learn each other's life
Open your heart, give it a moment
Leaving the cares behind
Happily, we could be two of a kind
There you were, like a dream to me
Wonderlove, we were meant to be
Wonderlove, can I make you see?
You're the world to me It was the very next day that I came alive
The door flung open, there was a vision
Couldn't believe my eyes
Everyone immortal like as though they didn't get it
Everyone believing here at last receiving
Wonderlove, it's a place we all belong
Wonderlove, wonderlove, can I make you see
You're my world I believe I could walk a thousand miles
Just to see the vision of your simple smile
Everyday, wanting to follow
Forever by your side
Faithfully, you are my destiny
There you were
Wonderlove, we were meant to be
Wonderlove, it's the world where we belong
Wonderlove, together we will faithfully
Wonderlove, can I make you see
You're the world to me Just imagine what you give is who you are
And where you're going to
If you're looking for the wisdom of the world
All you've got to do is let it coming through
Be forever, just imagine, wonderlove
