

# Dog Faced Boy

[Phish](#)

I can't spare a moment on the dog faced boy  
I won't lend him another hand to the worm girl of Hanoi  
Don't deplete my oxygen for the guy who's turning blue  
But ask me and I'll do anything for you  
Whenever I think of you, it only makes me feel sad  
Whenever I think of you, the best friend I ever had  
Before I gave it up all for nothing  
Well, I lied and I cheated  
And it made me feel bad  
It made me feel guilty for not being true  
Oh, the months I spend trying for a way to explain  
In the end all I could do was turn my head in shame  
Whenever I think of you, oh darlin', it only makes me feel  
sad  
'Cause you deserve better and once I was it  
Somehow my good intentions just got up and git
