

Southern Sunrise

The Tuten Brothers

Let's go to the east where the sun meets the sea
take a plane out to the west for the California dream
a southbound train could take us through Georgia
some sun and sand could be real good for ya[Chorus] x2
Chasin' the southern sunrise
drive in the pouring rain
we're gonna find warmer weather
'fore I drive myself insane We'll sleep in the car or underneath the sky
like a western wandering song or a vagabond's goodbye
warm up your shoes its time to be leavin'
let's make a move, do a little less thinking Yeah yeahhh[Chorus] x2 Years move on
songs are meant to be sung
and time rolls on
these songs beg to be sung[Chorus] x2 Come on come on oh ohh ohhh
we're drive in the pourin' rain
we're chasin' that we're chasin' that we're chasin' that southern sunrise
ooh ooooh yeah
