

# Born with It (feat. Soulja Boy)

Gucci Mane

Born with it, born with it  
Born with it, born with it  
Yellow bitch fat ass and she was born with it  
Tote that strap my nigga, like I was born with it  
And that pussy so good I nuttid already Born with it, born with it  
Born with it, born with it  
She ride my dick my nigga like she was born with it  
Keep them bands on me like I was born with it  
Got 2 mill on me right now like born with it 20 chains on, I done made a entrance  
Tryna rush the stage, should have brought a fence  
Said they seen a hunnid bricks with my fuckin' imprint  
Man I ball so hard last night I damn near had a injury  
Smoking blunts of cookie in the Bentley  
Cookie in the Bentley  
Cookie in the Bentley  
Smoke, smoking blunts of cookie in the Bentley  
Cookie in the Bentley  
Cookie in the Bentley Born with it, born with it  
Yellow bitch fat ass and she was born with it  
Tote that strap my nigga, like I was born with it  
And that pussy so good I nuttid already Born with it, born with it  
Born with it, born with it  
She ride my dick my nigga like she was born with it  
Keep them bands on me like I was born with it  
Got 2 mill on me right now like born with it Just look at my reign, diamonds in my chain  
Me and Guwop pull up fire flame  
These rapper niggas lame  
They never took the rest and took 'em on a plane  
Blowing Mary Jane  
I'm on a private jet, I just got a check  
Riding 'round in a Rari, jumped off in a Vet  
Man the rap game hurting, heard that it's a joke  
Pull up in the U-Haul with two thousand pints  
Pouring up the lean yeah, I'm pouring up the Act  
Shout out to my young nigga, 'cause all we do is trap  
It just me and Guwop, pulling up in that Jag  
If your niggas get to talking, put them choppas on they ass Born with it, born with it  
Yellow bitch fat ass and she was born with it  
Tote that strap my nigga, like I was born with it

And that pussy so good I nuttet already Born with it, born with it  
Born with it, born with it  
She ride my dick my nigga like she was born with it  
Keep them bands on me like I was born with it  
Got 2 mill on me right now like born with it
