# This Kiss

## Britney Spears

There was a time when you were mine,
There was a time when you held me tight.
Now you, aren't around me.
Boy, I wish, you could find me.
This Kiss, this kiss, this kiss,
Just wants you again.
This kiss, this kiss, this kiss,
Just loves you, my friend.
Now you're gone, you left me.
What's a girl to do? So pressed, you see.
And right when, I saw the door.
You walked in, and I fell to the floor.
This kiss, this kiss, this kiss,
Just wants you again.
This kiss, this kiss, this kiss,
Just loves you, my friend.
Everyday I wake up and you're not there.

It takes too much me, I just can't spare.
So why, tell me why, why, did you go away?
This girls going to be alone, so come back to me.
Oh, why did you go?
I feel so alone.
This kiss, this kiss, this kiss,
Just wants you again.
This kiss, this kiss, this kiss,
Just loves you, my friend.
This kiss, this kiss, this kiss,
Just wants you again.
This kiss, this kiss, this kiss,
Just loves you, my friend.
This kiss, this kiss, this kiss,
Just wants you again.
This kiss, this kiss, this kiss,
Just loves you, my friend.
