No Sissies

Hawksley Workman

You're bein' so tough to me
Like a leather jacket
I know you'll have no sissies
No baby, you just wouldn't hack it
Gotta be a strong man
To carry the beautiful burden of your love

No sissies get your love
No slackers get your love
No weaklings get your love
No suckers for your love
No actors for your love
No gangsters for your love
No sissies get your love

You're tougher than the police
When you pull me off the highway
I'm not movin' up to speed
The slow way has always been my way
You've gotta be a fast man
To transport the beautiful pictures of your love

No sissies for your love
No suckers get your love
No weaklings for your love
No hackers for your love
No actors for your love
No gangsters for your love
No sissies get your love

Shoot down your liquor baby
I promise I'm not crazy
over this

No sissies get your love
No slackers get your love
No weaklings for your love
No suckers for your love
No actors for your love
No gangsters for your love

No sissies get your love
No sissies get your love
No sissies get your love
