

# White Hen Decapitator

## Macabre

(Michael Bethke)

This is a song about the White Hen Decapitator.  
Killed his co-worker with a chef knife they used in the store.  
And for some reason he cut off his co-workers head.  
Took a price gun and stamped it like a loaf of bread.  
White Hen Decapitator - He cut off his co-workers head.  
White Hen Decapitator - With a knife that they made sandwiches.  
White Hen Decapitator - Then he ran out of the door.  
White Hen Decapitator - Of the Burnham Illinois store.  
When the customers came in they couldn't believe their eyes  
Because waiting for them on the shelf was a big surprise.  
A head with a price tag and something carved on the forehead.  
Then the police caught him a few blocks away as he fled.
