

Jump For Joy (2007 Remastered Version)

[Sarah Vaughan](#)

Fare thee well, land of cotton

Cotton lisle is out of style

Honey chile

Jump for joy Don't you grieve, little Eve. All the hounds

I do believe, have been killed.

Ain'tcha thrilled?

Jump for joy Have you seen pastures groovy?

Green Pastures was just a technicolor movie

When you start up to heaven

And you meet, yeah, old St. Pete

Tell that boy to please

Jump for Joy. Step right in, give Pete some skin

And jump for joy.

Cotton lisle is out of style

Honey chile

Jump for joy

All the hounds

I do believe, yes, have been killed.

Ain'tcha thrilled?

Jump for joy Have you seen pastures groovy?

Green Pastures was just a technicolor movie

When you start up to heaven

And you meet old St. Pete

Tell that boy, please

Jump for Joy. Step right in, give Pete some skin

And jump for joy.
