

False Prophets

The Psycho Realm

[B Real]

"I came here to help you
with your spirituality
in the path to find your soul to Me
I wanna set you free from negativity
and all the pain you received"
have faith, believe
in your Maker, your Master, Creator
God's Kingdom is at hand
from sea to the sand
in the desert with spirituality
your origin begins,
follow me to the Heavens
your spirit is capable of much more
than whores and liquor
and drugs to kill you quicker
than your Master (how it was) >intendedintended
