

# Like Me (feat. Snoop Dogg)

Christina Milian

[Hook: Christina Milian]

Can't nobody love you like me

Can't nobody hug you like me

Can't nobody touch you like me

Like me, like me, like me, like me

Can't nobody love you like me

Can't nobody hug you like me

Can't nobody touch you like me

Like me, like me, like me, like me[Verse 1: Christina Milian]

Baby I know I've been all on your mind

Can't help (?) it gets so hard every time

I put it on you, I'll have you wishin' you mine

The truth is the truth, real love is so hard to find[Bridge: Christina Milian]

You ain't never gon' do better

You ain't never find no lover

In your arms, in your arms

Your arms, your arms, your arms, your arms

Give me your heart, I'll keep it

Room for all them secrets

I'll go hard, I'll go hard

Go hard, go hard, go hard, go hard[Hook: Christina Milian]

Can't nobody love you like me

Can't nobody hug you like me

Can't nobody touch you like me

Like me, like me, like me, like me

Can't nobody love you like me

Can't nobody hug you like me

Can't nobody touch you like me

Like me, like me, like me, like me[Verse 2: Christina Milian]

When we're alone I feel so alone

You get so high because it's me by your side

Boy you the truth but I'm all on your mind

And there ain't no doubt that you'd pick me every time[Bridge: Christina Milian]

You ain't never gon' do better

You ain't never find no lover

In your arms, in your arms

Your arms, your arms, your arms, your arms

Give me your heart, I'll keep it

Room for all them secrets

I'll go hard, I'll go hard  
Go hard, go hard, go hard, go hard[Hook: Christina Milian]  
Can't nobody love you like me  
Can't nobody hug you like me  
Can't nobody touch you like me  
Like me, like me, like me, like me  
Can't nobody love you like me  
Can't nobody hug you like me  
Can't nobody touch you like me  
Like me, like me, like me, like me[Verse 3: Snoop Dogg]  
Christiana, Mrs. Misdemeanor  
Gold Beamer  
King and the Queener  
Drippin' like an Aquifina  
Pick and roll on the screen-a  
(?) winter on the date with the cake and the ice cream-a  
Big dreamer, make it your reality  
Big dog, get it all, can you handle me?  
Don't freeze when the moment arrive  
Don't trip, I'll dip, if you want me to ride, go  
Girl it's live, low on the ride  
Open your eyes  
3-4, playing the five  
Stay in the vibe, lay in the hive  
Bonnie and Clyde  
You CT this D, got you hypnotized[Bridge: Christina Milian]  
You ain't never gon' do better  
You ain't never find no lover  
In your arms, in your arms  
Your arms, your arms, your arms, your arms  
Give me your heart, I'll keep it  
Room for all them secrets  
I'll go hard, I'll go hard  
Go hard, go hard, go hard, go hard[Hook: Christina Milian]  
Can't nobody love you like me  
Can't nobody hug you like me  
Can't nobody touch you like me  
Like me, like me, like me, like me  
Can't nobody love you like me  
Can't nobody hug you like me  
Can't nobody touch you like me  
Like me, like me, like me, like me
